## IS NO CONSPIRACY SAYS MR. THOMPSON

Refutes Allegations of Creditors of Rehkopf Concern.

Says Money Was Loaned on Properly Signed Warehouse Receipts of O'Brien.

BANK IS DONE AN INJUSTICE

"All the truth in the assignment of the E. Rehkopf Saddle company is bound to come out at the trial," said George C. Thompson, president of the American-German bank, "but in the meantime the publication of all these vitriolic charges in the petitions of suing creditors reflects on the bank. We are not engaged in a conspiracy, and a little thought will demonstrate how foolish would be such conduct on our part. Moreover, the bank is secured for every dollar's worth the Rehkopf Saddle company is indebted to it.

"The creditors, who are trying to involve us, simply extended credit at their own risk and lost. The company bought leather on time and placed the leather in a warehouse. O'Brien is a warehouseman of known reputation, and when the E. Rehkopf Saddle company borrowed money of this bank, pledging its warehouse receipts for the leather stored in his house, the bank had no reason to doubt the ownership of the property. The jobbers let the leather go without retaining control over it. The warehouse receipts were in the name of the E. Rehkopf Saddle company, and the bank accepted them as security. Now, can you imagine what reason the bank would have for entering into a conspiracy to lend a man money on warehouse receipts, taking a chance of losing not only the money but the security?

"I did not intend to say anything until the trial, but the daily publication of suits, charging us with conspiracy, imposes on me the duty of setting this insinuation right before the public.

"It is common practice for merchants to purchase goods on six months' time and borrow money on the goods for a short time, paying the jobber out of the profits of sales. There was nothing in the conduct of the E. Rehkopf Saddle company to cause suspicion."

Yesterday afternoon a "material lien" was filed by the H. V. Broome company of Springfield, O., against the E. Rehkopf Saddle company for \$3,111.84. It is for goods alleged to have been sold to the defendant only a few weeks prior to the filing of his deed of assignment.

FINDER OF ORE IN POORHOUSE

"Uncle" Dick Langford, Discoverer of Gogebie Range, Is Pauper.

Hessemer, Mich., Sept. 28.—"Uncle" Dick Langford, who is credited with being the discoverer of the first iron ore on the Gogebie range, has gone to the poorhouse. Langford is 83 years old. For years he has lived in an old shack on the west shore of Lake Gogebie, receiving remittances now and then from mining men who had known him in former times. Now he is so old that he could not live longer alone.

BECAUSE HE WAS STINGY

Tashjian Killed His Brother and Carved Body.

New York, Sept. 28.—Armen Tashjian, the Armenian who was arrested and charged with the murder of his brother, Mark Markarian, confessed to the police that he killed his brother.

Tashjian said to Police Inspector McLaughlin that he killed his brother because he was the "meanest and stingiest fellow" he ever saw."

REGISTER NEXT TUESDAY.

Registration day is next Tuesday, October 2. On that day all voters desiring to participate in the coming municipal election must register. The registration will be held in each precinct at the regular voting place between the hours of 9 a. m. and 9 p. m. It is the duty of every voter to secure a certificate. No citizen can exercise himself. If the election goes contrary to his opinion, if he does not perform this act of citizenship. There will be a full Republican ticket in the field in Paducah this fall, which will appeal to the better element of both parties and will register next Tuesday in his precinct.

RISKS LIFE FOR PET BULLDOG.

Milwaukee Man Then Arrested on Charge of Attempted Suicide.

Kenosha, Wis., Sept. 28.—In an effort to save the life of a pet bulldog William Sheehan, of Milwaukee, last night leaped from a train running at the rate of forty miles an hour. He fell by the side of the track and escaped with slight bruises. Sheehan had brought the dog from Milwaukee and was on his way to Chicago. Just after the train pulled out of Kenosha the dog leaped from the platform and Sheehan followed suit. In the excitement the dog escaped. Sheehan was arrested later on a charge of attempting suicide.

## STARS AND STRIPES AGAIN WILL FLOAT

Over the Palace of the Cuban President Tonight.

Palma Is Scheduled to Resign Today and Let Taft Resume Governor in Fact.

SAILORS AND MARINES GUARD.

Havana, Sept. 28.—Secretary Taft is expected to proclaim himself governor of Cuba today before midnight, and it is believed the stars and stripes will again float over the palace. American marines and sailors hold the town and only Palma's reconsideration of his decision to resign is regarded as likely to stay this program. If Palma will resign as head of the government more time will be allowed in which to effect a settlement. It is not likely that Taft will consent to the election of a successor to Palma by congress. If there is to be a provisional government it will be of American manufacture.

We Are World Power.

Washington, Sept. 28.—"In spite of ourselves we have become a world power and have to do a world power's work," said Admiral Dewey in interview given out here.

Admiral Dewey has followed the developments in the Cuban situation with the closest attention. Probably better equipped than any other man to pass judgment upon the course pursued by this country, he has given his unqualified endorsement to the course the president has taken. "I heartily approve the cautious policy the administration is pursuing," he said thoughtfully. But while the admiral didn't allow himself to go so far, it was evident he believed that the only satisfactory solution of the Cuban tangle is the annexation of the island.

Full Staff Meeting.

Washington, Sept. 28.—The army general staff is now holding its first full session presided over by General Bell to discuss the Cuban military plans.

ARMY MEN IN AN AUTO WRECK

Officers Slightly Injured in Accident at Colorado Springs.

Colorado Springs, Col., Sept. 28.—F. W. Downs, a contractor, was fatally injured and several army officers slightly hurt last night when an auto driven by Downs was overturned while going down a steep grade. Lieutenant Eugene Crowne of the Twenty-ninth Infantry, Lieutenant William Wheatley, Lieutenant G. B. Rodney, Captain Williams and Dr. J. L. Lawrence, all of the Fifth Cavalry, were slightly injured.

## GHOST WALKED

AND CIRCUS EMPLOYEES KEPT POSTOFFICE BUSY.

Money Order Receipts Leaped From \$300 to \$1,400 Yesterday—Not Spendthrifts.

The ghost walked in Barnum's circus yesterday and the Paducah postoffice had its record breaking day. Money order receipts were swelled \$1,300 at the postoffice yesterday by the circus employees. The average day's take is \$300, but the total yesterday was \$1,400. It was pay-day for the circus employees, and the money orders indicate that many of them are not spendthrifts as reputed. The money orders were sent home some to banks, others to pay debts some to the old folks.

Gen. Stoessel Has Resigned.

St. Petersburg, Sept. 28.—Gen. Stoessel has tendered his resignation. This will possibly be accepted and thus a trial for the surrender of Port Arthur to the Japanese will be avoided.

## TWO PRISONERS DIG OUT OF JAIL

J. M. Wilson and John Evans Escape From City Prison.

Use Poker and File to Remove the Bricks and Then Cut Matts With Knife.

FINISH JUST BEFORE DAWN.

By clever work two prisoners broke out of the city jail last night by digging through the walls and are still at large.

The men who escaped are J. M. Wilson and John Evans, both of whom were charged with minor offenses. Two other prisoners were in the same cell but they refused to leave. They were threatened with death if they made an outcry during the progress of the tunneling through the wall. The two men had a file and a poker. The wall is a foot thick and it took several hours to get through it. The bricks taken from the wall were piled in the cell.

Assistant City Jailor Joe Purchase this morning said that in his opinion the prisoners got out shortly before daylight. He said that before retiring he went through the prison and found everything all right at that time.

When inspection was made by Joe Purchase, assistant jailor, there was not a semblance of anything wrong. He said that he was not surprised as he suspected Evans. He does not know where they got the file or the poker. In the private room of the jailer he has some tools but they were all there this morning. It is probable that the instruments were slipped through the open window from Fourth street.

Both men were charged with being drunk and disorderly. J. M. Wilson was serving out a fine of \$50 and the costs and Evans was serving out a fine of \$75 and costs. Evans left the prison with shackles. He had served five years in the Eddyville penitentiary for safe blowing, and being a bad man was kept in irons. In leaving the prison the men had climbed a high fence and Wilson left his hat, which evidently dropped off while he was going over.

Milson and Evans claim to be printers, but they have not established this assertion. When placed in prison they were to serve a fine of \$5 each, but after they were locked up they got bad and were presented again before Judge E. H. Puryear and given the heavy fines.

The night watch is held by Lieut. Thomas Potter. He says he did not hear a noise during the night and in his opinion the file was covered with a piece of cloth which would deaden the sound.

A reward will be offered for the capture of the men.

LAWS FOR WIRELESS POWERS

Prescribed for Wireless Telegraphy and Submarine Mines.

Ghent, Belgium, Sept. 28.—Regulations governing wireless telegraphy submarine mines and automatic torpedoes were adopted today by the institute of international law. The regulations governing wireless telegraphy in times of peace are made applicable in principle in times of war. It is forbidden to place fixed or hidden mines in the open sea. Intelligence may place mines within their own waters and the waters of the enemy. Neutral states cannot place mines in the neighborhood of straits leading to the open sea.

OUTBREAK IN MEXICO

Special Train Loaded With Troops Hurriedly Sent to C. P. Diaz.

Monterey, Mexico, Sept. 28.—An outbreak is reported at C. P. Diaz, Mexico, opposite Eagle Pass. A special train has been chartered by the Mexican authorities to convey a body of 200 cavalrymen from Saltillo to C. P. Diaz. The railroad has been required to move the troops with the greatest haste.

"POET LAUREATE" DEAD.

Bloodgood H. Cutter, Immortalized by Mark Twain.

New York, Sept. 28.—Bloodgood H. Cutter, immortalized by Mark Twain as the "Poet Laureate" in "Innocents Abroad," died at his Long Island home today.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates. "High Water" days don't count. The Sun's daily average last month was 3910.

MORMON CHIEF NOT ARRESTED.

Court Holds That Complaint Is Too Indefinite for a Warrant.

Salt Lake City, Sept. 28.—District Judge Armstrong decided today that County Attorney Parley P. Christensen could not be compelled to issue a warrant for the arrest of President Joseph Smith, head of the Mormon church, holding that the complaint sworn to by Charles M. Owen was indefinite and did not show that Mary Schwartz Smith, whose relations with the president formed the ground of the complaint, was not his legal wife. Mr. Owen says he will take other steps to compel the issuance of a warrant.

## CAIRO IS COMING TO HORSE SHOW

Past Fitzgerald Tells About Enthusiasm.

Talking Over the Show in Cafes and Public Places of City Across the River.

ALL PLANS ARE COMPLETED.

"If the interest that Cairo horsemen and Cairo sponsors are taking is any indication, the Paducah horse show will be a success from start to finish," said "Pabst" Fitzgerald, a prominent Cairo man and true horse lover, who was in Paducah last night.

"I was here last season and think so much of it that I am coming back again. Others from my town are coming, too, and I believe that between 10 and 20 strollers and saddlers will be in the ring, when the bell taps next Wednesday. I know that Ed Burke and Ches Charles are going to bring their strings and I am coming with four or five good ones. Other men of Cairo who love the horses will be here even if they do not enter the prize ring, but I would not be surprised to see representations from a half dozen or more Cairo stables. Then, too, they are talking 'Paducah horse show' at the clubs and cafes over there and a Paducahan would be surprised if he could see the real interest shown by the fellows over the river."

Mr. Fitzgerald's string carried away several blue and red ribbons last season and it is a good tip that he will be as successful this time. He was greatly pleased with the selections for the judges this year.

All the arrangements for the horse show are being rapidly completed and the promoters are pleased at the prospects for a successful show.

If the weather is only favorable there is no doubt of its success, and the promoters are imploring the weather man to send all of his rains, a generous supply of which has fallen this week to the dismay of the dry goods stores and milliners who have been holding their fall openings this week, so he will have run out by next week.

Reports from the surrounding cities are that the show will be liberally patronized.

SEVEN RAILS REMOVED.

Effort Made to Ditch Passenger Train in South Carolina.

Columbia, S. C., Sept. 28.—Train wreckers removed seven rails from the Southern railroad at Barton, S. C. this morning, derailing passenger train No. 3 from Savannah for Columbia. No one was killed. Bloodhounds have been called for to track the perpetrators.

## BUMPER CROP

SOUTHERN ILLINOIS PEACHES DRUG ON MARKET.

Growers Send in Care of Express Company to Sell at Any Price It Can Get.

The peach crop in southern Illinois this year is a record breaker and peaches are being sold, by whole sale, at low prices. The American Express company is a large distributor of these peaches without seeking the business. The big growers in Oregon, Ill., supply send a load of peaches to this city in care of the express company with orders to sell them for what it can get and refund them all over the express charges. The express company sells them to the local wholesale dealers at whatever prices it can get. Yesterday a consignment of peaches, containing 195 baskets, were received on this basis. Such a policy only is pursued by the growers when the crop is so large that it is preferable to gorge the market to allowing them to rot on the trees.

WEATHER.—Rain and brisk northeast winds this afternoon and probably tonight. Saturday fair and cooler. The highest temperature reached yesterday was 72 and the lowest today was 47.

## STORM BOUND NORTHWARD IS BRINGING DESTRUCTION.

### DAMAGE DONE BY THE STORM

Whole of eastern gulf coast swept by fierce tropical hurricane which seemed to center at Mobile, Ala. Wires are down and detailed information of complete damage done is lacking.

At New Orleans considerable property has been destroyed, but no lives lost. Worst damage was around Lake Pontchartrain, where surrounding country was submerged by five-foot rise of the lake.

Heavy loss of life is feared at Pensacola, where from three to five million dollars in property was destroyed. Storm fearful at this point and big iron steamers have been washed high up into the city. L. & N. grain elevator and railroad wharves known to have been entirely destroyed.

No communication with Mobile from any point has been had in twenty-four hours, and the gravest fears are entertained of a catastrophe, as it was there that the full force of the storm was centered.

No communication within the last twenty-four hours has been had with Biloxi, Bay St. Louis, Pass Christian, Ocean Springs, Moss Point, Pascagoula and Scranton, all resorts on gulf coast east of New Orleans. All of these places face Mississippi Sound, across which the hurricane would have a clean sweep. Some of them extend to the brink of the sound and are only from six to ten feet above sea level.

Storm is now sweeping northward and will pass through Alabama, Tennessee and Kentucky. Birmingham, Montgomery and Atlanta have felt the effects of the storm, but no serious damage has been done at these points.

Reported from McComb City, Miss., that hotel was blown down and two people killed.

At Vicksburg the steamer Modoc was blown from its moorings in the Mississippi and stranded, and a dry dock was reported to have broken from its moorings.

### YUM KIPPUR

DAY OF ATONEMENT, HOLIEST IN JEWISH CALENDAR.

Tomorrow Will Be Celebrated by All Jews in Paducah—Begins at Sunset.

Yom Kippur or the day of atonement, is the holiest day of the Jewish calendar, and is observed by all Israelites in meditation and worship. It deals with the sublime themes of life and immortality and endeavors to obtain reconciliation of man to his fellowmen and to his God. Almost the entire day is spent in the temples and synagogues, and all work and pleasure is suspended for the time being. Temple Israel congregation will observe the day which begins at sunset this evening, and lasts until tomorrow evening by holding the following services: Tonight 7:30, Saturday 9:30 a. m. Stores of all orthodox Jews will be closed tomorrow.

### PATROL HORSE

HAS SORE SHOULDER AND HUMANE OFFICER INTERFERES.

Rough Collar Causes Injury and Animal Is Sent to Veterinary Hospital.

A rough seam on a collar of the harness of the Paducah police patrol wagon was the cause of the city receiving hurry up orders from the humane society. The city lost no time in obeying.

As the patrol wagon straightened out Fourth street today with the new driver, Henry Seamon at the helm, the clang of the gong caused Tom Sanders, official humane officer, with the rank of patrolman, to take notice. As the wagon flashed by Patrolman Sanders' eye caught a glimpse of a sore on the shoulder of one of the horses. He awaited the wagon's return to headquarters and an investigation resulted in the horse, "Slowday," being ordered to the veterinary hospital. The sore was caused from the collar's constant rubbing.

Stensland Brown Maker.

Joliet, Ill., Sept. 28.—Paul C. Stensland, the Chicago bank convict, was assigned to cell 22, in the east wing of the penitentiary, today, and was put to work in the sorting room of the broom factory, where he will labor alongside of John A. Linn, the ex-convict of the superior court of Chicago, under sentence for embezzlement.

WEATHER.—Rain and brisk northeast winds this afternoon and probably tonight. Saturday fair and cooler. The highest temperature reached yesterday was 72 and the lowest today was 47.

### MANY DEMOCRATS

URGE JUDGE BAGBY TO ANNOUNCE FOR CITY JUDGE.

He Will Declare Himself in a Few Days, It Is Understood—Good Outlook.

Judge E. W. Bagby apparently is in the position of a man who is going to be forced into the race for judge of the police court. Democrats and Republicans are urging him to announce himself, and he probably will decide in a few days.

A committee of leading Democrats waited on him yesterday and talked for over a half hour, assuring him of their support, and it is said, telling him just what he can expect from members of their party who are not satisfied with action of the primary.

Both Judge Bagby and President McElrath, of the lower board of the general council, have been mentioned frequently in connection with the office.

### HEAVY ON GREEK

IS RESULT OF HIS MOST RECENT VIOLATION.

Must Pay Fine of \$750 Into County Court on an Old Suspended Judgment.

When William Greek was fined \$1,000 and costs in county court several months ago for selling intoxicating liquor without a license, he was let off with a fine of \$250 with the understanding that he pay the \$750 fine in event he was found guilty of duplicating his act. Yesterday in Magistrate C. W. Emery's court he pleaded guilty to selling liquor without a license and was fined \$50. County Judge R. T. Lightfoot announced his decision to compel Greek to pay the \$750 in his court yesterday after the plea of guilty was entered. Greek keeps a refreshment stand at Wallace park.

Middleport, O., Sept. 28.—The Middleport bank, with deposits of \$150,000, mostly small accounts, failed to open its doors this morning. No explanation has yet been made.

## Stubborn Fire Still Smoldering In McKinnie Veneer Company Plant

In spite of the rains that started two days ahead and have been falling continuously since, the fire which consumed the greater portion of the McKinnie Veneer & Lumber company's plant on Myers street, Mechanicsburg, has been one of the most stubborn that the Paducah fire department has ever fought.

The fire started Wednesday afternoon shortly after 3 o'clock, and at that hour this afternoon a squad of firemen under Chief Wood were dragging long lines of wriggling hose from one end of the big plant to the other in efforts to smother

## CITIES ON GULF SUFFER DAMAGE

Big Ships Stranded High in City of Pensacola.

Mobile and Other Ports Cut Off for Twenty-Four Hours and the Worst Is Feared.

WIND IS INCREASING HERE

Pensacola, Fla., Sept. 28.—The worst sea storm and hurricane the gulf coast has experienced since the village of Pensacola, or San Rosa Island, was swept away, 107 years ago, began Wednesday night and is still raging.

It is reported that many lives between the city and the navy yards have been lost, but as many rumors of this character have been current all day the report does not obtain credence. It is known, however, that many towns in that section are under from five to ten feet of water and many women were taken from second-story windows, and carried to safety in boats.

The estimated property damage is placed tonight at three million dollars. Every house in Pensacola suffered damage and many roofs were blown off.

The water front is strewn with wreckage for miles on either side of the city, and vessels are piled on the wharves, or where the wharves once were.

In utter ruin big iron steamers and many lighter sailing ships are laying high and dry in the city where the tide has never been known to reach.

Every wharf for miles around has been swept away or is damaged beyond repair. Communication with the outside world is practically cut off. This dispatch, with other telegraphic matter is being carried to Polmar, Ala., by train. It is feared that great havoc and loss of life will be shown when reports from the entire section along the coast can be gathered.

Long ago realizing the importance of deep water ports on the gulf whenever a canal could be built across the isthmus of Panama, the L. & N. railroad secured extensive and now priceless concessions at Pensacola, Fla. Already the exports and imports through that port are important and the L. & N. railroad has built one wharf extending nearly three blocks out into the bay, where the largest ocean going vessel can dock. This wharf cost \$3,000,000. Pensacola bay has thirty feet of water—the deepest on the gulf coast, and ultimately expected to be the metropolis of the Gulf of Mexico. The harbor is entirely landlocked, and a storm capable of doing the damage done there must have been of stupendous force. The United States has used Pensacola bay as a winter harbor for the Atlantic fleets for many years. The big battleships which cannot turn around in the river at New Orleans, find ample water there. No port in the United States is better protected by land batteries. The government has a large navy yard and arsenal near the city. The city itself, while not possessing the gentle winter climate of the east coast of Florida, still is semitropical. Palms and ferns grow to a great height and in profusion. The view over the bay from the high country is magnificent. The city is cosmopolitan in its population and is the second oldest city in the United States. The population is near 25,000.

In Paducah. Paducah is beginning to feel the (Continued on Page Five.)

## TO SCHOOL BOARD QUESTION MAY GO

Arbitration Board Ready to  
Give Up.

Three Members Were Absent Last  
Night and Others Discussed  
the Situation.

MONDAY NIGHT IS MEETING

Falling in their efforts to find a solution to the school board deadlock over the English position in the high school, the board of arbitration probably will formally resign its prerogatives back to the school board. However, this will not be done until it is apparent that their efforts are fruitless.

Seven members met in informal session last night but no business meeting was held in the absence of three members. The members present were Farley, Brooks, Dorian, Marble, Cole, Patterson and Potter. The absent members were Garrison, Sutherland and Winstead. While the members were waiting, Messrs. Winstead and Garrison were heard from saying that they could not come.

Mr. Miller suggested that it be understood, that any members absent at the next meeting, Monday evening, should have their places filled by substitutes, so that the board could go on in its work. Mr. Beckenbach suggested that it be understood that in the event no understanding could be reached by the board of arbitration, the question should revert to the school board. The school board meets Tuesday evening after next Monday. Neither of these gentlemen are members of the board of arbitration, but made their suggestions as spectators. The suggestions met the humor of the board.

## IN HIS CHAIR

FORMER PADUCAHAN DIED JUST  
AS WIFE DID.

James M. Hooser, Turner, Who Left  
Here Six Years Ago, Passed  
Away at Hopkinsville.

Hopkinsville, Sept. 28.—James M. Hooser, a highly respected and estimable citizen, died suddenly last night at the residence of Mrs. A. D. Hooser, where he made his home. Mr. Hooser had not been very well for several days, but was able to be up and after supper was sitting in his chair in the family circle, conversing with his nieces. He had just spoken to Miss Jennie Hooser when he fell back in his chair and expired. A heart affection caused death. Twenty-three years ago his beloved wife died under similar circumstances. She was sewing and talking to a member of the family when without warning she died in her chair. Mr. Hooser was a native of Todd county, and nearly 84 years of age. He was a thresher by trade until forced by the infirmities of advanced years to retire from business activities. He lived for many years in Elkton, and about twelve years ago moved to Paducah, where he made his home until he came to Hopkinsville to reside seven years ago. He was a connected Christian. Funeral services will be held this afternoon at 3:30 o'clock at the residence of Mrs. A. D. Hooser, and will be conducted by Rev. H. D. Smith, of the Christian church. Interment in Hopewell cemetery.

## Correct Apparel for the Horse Show

THE Horse Show---the event that marks the opening of the social functions for the fall and winter season, requires all of the Full Dress articles---and we call special attention to our extensive array of these accessories: Full Dress Suits with Tuxedo coats to match, Shirts, Gloves, Ties, Waistcoats, Links and Studs, in a goodly range of qualities. So vast is our assortment that the most exacting gentleman can be pleased. At this season of the year, with the Horse Show and its attendant festivities here, you want to join in the spirit with the rest of us and show up to your best advantage in one of our new English Walking Frocks, shown for the first time in Paducah by a men's outfitter, or one of our snappy sack suits, during the day, and our evening clothes after 6 o'clock. Procure your outfit in time for the show and be prepared all season.

### Overcoats and Cravanettes by Foremost Artists

There is a wealth of swaggar modes this fall from which the well-groomed man may choose his Overcoat. THE LOUIS XV, THE BROADWAY, THE PADDOCK have been designated by the foremost clothing designers as most eminently correct. No hard, unyielding lines in these coats; they are exceedingly becoming to almost everyone, for, being slightly form fitting, they throw into high relief the admirable features of a manly figure. For those who prefer the conventional short top coat, we have a magnificent showing---Coverts, Whip-cords, Black Vicunas and Black Tibets. All the shape-retaining, wear-resisting materials are used. The values offered are simply amazing. Not the least attractive feature of our display is a Cravanetted Black Vienna Coat, which is especially designed for wear with evening clothes.

### Full Dress Furnishings That Will Please You

It surely will please you to see the array of furnishings which we have "brought on" for the Horse Show and its attendant social functions. We have to show you the E. & W., Star and Cluett full dress shirts, made to conform to the lines of the body. They will not "bulge" and you do not realize you have on a dress shirt. Lawn bows and club ties in all the conventional widths and shapes. Full dress links and studs of the proper kind. Our line is complete and it will be a pleasure to show them.

### A Little Horse Sense About Our Fall Hats

On this one occasion we all try to look our best. And in order to be properly dressed we must be well head-gear'd. We are showing for headwear in full dress the very latest in silks and operas. For semi-dress the Alpine Tuxedo, for street or business the black stiff hat, also the Alpine and Telescope in pearls, black and maple. When in doubt wear a Knox Hat.

### A Little Horse Sense About Neckwear

There is no article of man's apparel that adds so much to his appearance as his neck dress. We are the exclusive agents of the celebrated "Kaiser Cravat" for Paducah and you could not treat yourself nicer than to make yourself a present of one or more of these handsome scarfs to wear during Horse Show week. It is very true that these ties cost a little more than the ordinary kind, yet there is an air of individuality about them, not to be found in other makes.

### Full Dress Suits and Tuxedos for All Occasions

Our evening clothes conform fully to the styles sanctioned by good taste and the well-defined rules of fashion. They are models of elegance, superbly tailored, with not a single freak feature to offend by reason of its over-conspicuousness. However, there are some noteworthy new features embodied in Hart, Schaffner & Marx's Full Dress and Tuxedos, which we handle. They are lined throughout with the best quality of body silk and are faced to the edges of the lapel with Barathra Silk, its richness contrasting strikingly with the dead black of the suiting. In some of the evening suits a style of by-gone days is being revived---trousers trimmed with black braid. Now as a business man and as one who has social duties to fulfill, would it not seem the proper thing to see what we have to offer before leaving your measurements with a tailor? He may disappoint you both in delivery and fit. You know we won't disappoint you in either. And, besides, it means a saving to you of from \$20.00 to \$30.00 to act on this hint.

### Something Attractive in Waistcoats for Full Dress

Without fear of contradiction, we state to the public that we have on display in our waist coat department the handsomest and most complete line of Fancy Vests ever shown in Western Kentucky. The designs and fabrics which we are showing are entirely exclusive with us and tailored by Parker & Finn and Geo. W. Cane, New York. We guarantee an absolutely perfect fit. We wish to call your special attention to the white corded silk, silk lined, full dress Waist Coat in our Horse Show window.

**Daily Thought.**  
"You have but one life to live. You cannot afford to make a mistake in living nor yet to live it halfheartedly."

While we were complaining yesterday because the rains of two days compelled us to tramp in shoe-top mud to see circus, New Orleans, Pensacola and Mobile were cut off from communication with the world, while the storm sported with life and property. We often speak of the advantages Paducah possesses, because of her location. Some times it would be well to consider how fortunate we are that the city is not located somewhere else. While we are tiling and draining a few of us may have chills; but that is less disastrous than an earthquake. The river gets low occasionally, but compared with a tidal wave, it is nothing. If we had hills we might get on a volcano. Those things we have, which we ought not have, we will in time get rid of, and those things we need we can acquire. Meantime we are thankful our location offers advantage ground for a held day of the elements.

Register next Tuesday early. Do not put it off until the supplemental registration day. You must show an excuse for delay on that day and you will put the campaign managers to trouble that might be expended on other matters of importance. Besides, you may be sick or unavoidably absent on the supplemental registration day. It requires five minutes' time to register. A man could afford to miss a meal for the right of suffrage. Our ancestors risked their lives for the privilege. If the right to vote is not worth the time to register, a man is not worthy of the franchise.

Princeton, N. J., claims the honor of having the first victim of football under the revised rules designed to eliminate brutality. It is gratifying to observe that the victim was not crushed in the barbarous mass play. His skull was kicked in by an opposing player.

Jim Jeffries has a right to retire from the prize ring as many times as Patti retired from the stage.

**Good Nomination.** Bertrams Jerome, Buffalo, N. Y., Sept. 28.—District Attorney William Travers Jerome, of New York, is going to bolt the Hearst convention and nomination and stump the state for the republican candidate for governor. When Mr. Jerome was informed of this nomination, Mr. Hughes said enthusiastically: "That's good. I'm for him, heart and soul. It is fine, fine," he continued. "It will put the fear of God in the hearts of some men. I shall be very glad to stump the state for Mr. Hughes."

**Butted By Bull and Seriously Injured.** Crab Orchard, Ky., Sept. 28.—News reached here that William Cummins, a prominent citizen of Preacher'sville, this county, received a painful injury in a peculiar manner yesterday. While walking among some cattle he was butted by a calf, knocked down and his arm broken.

## BRIDE SITS FOR WEDDING GIFT

Says Husband Deserted Her and Is Trying to Sell Present.

South Bend, Ind., Sept. 28.—Alleging her husband, George H. Mayr, deserted her and is retaining much of her personal property, Mrs. Helen C. Mayr, formerly of Cincinnati, filed suit today against the entire Mayr family, one of the best known in this city, asking for a receiver pending the outcome of the litigation. Mrs. Mayr alleges part of the property is in the window of the Frank Mayr & Son's jewelry store in the shape of a chest of silver which is being offered for sale. She says it was presented to her among her wedding presents while she was in Cincinnati, and was afterward transferred to the Mayr residence here following the wedding. The actual value is claimed to be \$2,500. Mrs. Mayr is the daughter of Mr. and Mrs. Joseph B. Kelley of Cincinnati. The wedding took place June 5 last in Cincinnati. According to the complaint the separation took place July 15.

## GREAT ARTIST'S SON IN PRISON

Arthur Acton Sentenced for Robbing San Diego Saloon.

San Diego, Cal., Sept. 28.—Arthur Acton, who has been sentenced to three years in San Quentin for the robbery of a saloon, proves to be the son of John Adams Acton, one of England's most famous sculptors, while his mother is Lady Mary Louise Douglas Hamilton, a relative of the Duke of Hamilton. His father has been the winner of numerous gold medals and other distinctions, and his work is scattered throughout the United Kingdom, India and the colonies in the form of numerous statues of the late Queen Victoria, the present King, Gustaf, Disraeli and other public characters.

## HIMSELF CHARGES UPHELD.

Editor McClure, of Philadelphia, Says Mayor Weaver Spoke Truth.

Philadelphia, Sept. 28.—Colonel Alexander K. McClure, the veteran editor and political leader, today, after a long conference with Mayor Weaver, declared the charges of corruption at the City party convention made by the mayor were true. Mr. McClure said the charges would be proved and that the corruption at the convention was worse than at any time under the old organization. This statement has led to the belief that Mayor Weaver has stronger proof to submit to the investigating committee than any he has yet presented.

## ACTRESS WEDS A MINING MAN.

Miss Carrie Munroe Marries Reputed Millionaire.

Los Angeles, Sept. 28.—Miss Carrie Munroe, a former member of Weber & Fields' New York company, was married today at the Hotel Lankershim to Thomas Swope Smith, of Builfroog, Nev., reputed to be a millionaire. Miss Munroe met Mr. Smith while she was playing with The Red Feather company in San Francisco, and he followed her across the continent to induce her to marry him. She resigned from the New York company last May and since then has been with her mother at the Hotel Lankershim.

## CONVICTED FOR RISK SWINDLE.

Four in Fraud Against Insurance Companies Sent to Prison.

Mexico City, Sept. 28.—Of twenty defendants charged with swindling the New York Life, Mutual and Equitable insurance companies, four were convicted last night. The sentences were: Francisco Cerezo, four years imprisonment and a fine of \$1,000; Fernando Pina and Ponce de Leon, Cerezo's accomplices, two years and a fine of \$700; Jose Sotomera, eleven months in prison and a fine of \$400; Jesus Campos Mendez, two years and a fine of \$1,100. The frauds involved approximately \$200,000, though not all the fraudulent policies were paid.

## LONG MISSING ABIDE.

French Cure, for Whom Search Was Made.

Paris, Sept. 28.—Abbe de la Rue, cure of Chateaux, who disappeared two months ago, was found today alive and well, living in Brussels with a teacher, formerly a nun of the same town, with whom it appears he eloped. The Paris newspapers made great efforts to discover his body, one of them employing a hyena for the purpose. As late as yesterday the cures of the surrounding towns met at Chateaux and held a funeral service for the colleague they thought dead.

## TWO BOYS END THEIR LIVES.

One Youth in New Mexico Uses Revolver, the Other a Rope.

Las Vegas, N. M., Sept. 28.—Charles Mitchell, the 14-year-old son of Mr. and Mrs. J. B. Mitchell, committed suicide last night, by shooting himself with a revolver. Mitchell finished his lessons, went to the home of a boy friend and killed himself.

Tesque, N. M., Sept. 28.—The 6-year-old son of A. Mueller committed suicide here by banging himself. The boy tied a rope to a tree trunk and threw it over a limb, jumped off and broke his neck.

## DISHONORED PAPER OF BANK AT BOSTON

Causes Examiner to Investigate The Concern.

Drafts of Lumber Company, in Which W. B. Smith Is Interested, Brought to Light.

DIRECTORS WILL COVER LOSS.

Louisville, Sept. 28.—Drafts representing nearly all of the capital stock of the Boston Banking company, of Boston, Ky., made out in favor of former Cashier Roy Smith and his brother, W. B. Smith, have been dishonored, and, as a result of the trouble, State Bank Examiner Scott Mays, of Springfield, is now engaged in examining the books of the bank.

The drafts were made out by Mississippi lumber companies with which W. B. Smith is said to be connected, and aggregate, it is said, \$11,000. They were endorsed by his brother, Roy Smith, between September 3 and September 8. Smith was succeeded as cashier of the bank by E. H. Smith on the former date, but held on until September 8, when E. H. Smith, who is not related to him, became the cashier.

The paid-up capital of the bank is \$15,000. About \$4,000 was invested in a building and furniture. W. B. Smith and Roy Smith were notified that the paper had been dishonored, and made out now paper, which is now in the hands of a Louisville bank for collection. This paper has not been acted upon, but directors of the bank express the belief that it will be honored, as does the Louisville bank.

W. B. Smith in Mobile.

W. B. Smith is now in Mobile. The bank officials are reluctant to make a statement, but William Dougherty, one of the directors, said this morning that the dishonored paper, made out in favor of the Smiths, will amount to \$11,000, but he was convinced that at least \$1,000 worth of paper which was made out by them will be honored.

No action has been taken against the Smiths by the bank. President C. S. Arnett, of the Boston bank, recently gained control of the institution.

Paper on Porto Rican Bank.

It is said that one of the dishonored drafts was for \$7,500 on a bank in Porto Rico.

The directors of the bank held a meeting and signed a paper in which they pledged their private fortunes to protect all depositors in case the last paper signed by the Smiths is not honored.

## TO UNITE CATHOLIC YOUNG MEN

Institute Suggested by President Fogarty as Nucleus.

Indianapolis, Sept. 28.—The report of Supreme President William M. Fogarty to the supreme convention of the Young Men's Institute, today favors the establishment of a Young Men's Catholic association modeled after the general plan of the Young Men's Christian Association. Mr. Fogarty says the matter has been under consideration by the National Federation of Catholic societies, and that he has suggested to the latter body that the Y. M. C. be chosen as the nucleus of the new organization.

## YALE BEGINS HER 200TH YEAR.

Total Attendance in All Branches May Reach 4,000.

New Haven, Conn., Sept. 28.—Yale opened her doors today for her 206th year. Indications are that the attendance will be about 3,400 or 3,500, outside of the summer school of forestry, the summer school of arts and sciences and the courses for teachers. These will bring the total up to about 4,000. The faculty numbers about 420. Substantial increases in the freshman classes of the academic and scientific departments are recorded.

## FARM PRODUCTS AT HIGH POINT

Balance of Trade in Their Favor Reaches \$285,000,000.

Washington, Sept. 28.—Although the imports of farm products were larger in 1905 than any year since 1890, says a report of the department of agriculture on exports of farm and forest products, the value of the exports exceeded that of the imports by more than one-half and there was a balance of trade of \$285,000,000 in favor of the farm products.

## Dismissed Cadets Get New Chance.

Washington, Sept. 28.—Former Cadets Linton and Bowley, who were dismissed from West Point on charges of hazing, have been designated for examination to become second lieutenants. It is explained at the war department that such dismissal puts them on the same plane as civilians.

## First Death Under New Rules.

Princeton, N. J., Sept. 28.—In a practice game of football at Lawrenceville today, John P. Kennedy, captain and right half back of the Lawrenceville eleven, was kicked in the head. He died an hour later.

## IN THE COURTS

## In Police Court.

The quartette of cases against the Paducah Distilleries company, charged with having sold whisky without a city license, was continued today in the police court until Monday. The company is owned by Morris, Ike and J. F. Friedman was refused a license by the general council several weeks ago, but the company is accused of selling whisky by George Lehnhard, city license inspector. He alleges that whisky has been shipped to cities in the southern states. Bob McCormick, alias "Stix" McCormick, was fined \$25 and costs for disorderly conduct.

The trial of Edwin Wood, accused of petty larceny, was continued until Monday on account of witnesses for the commonwealth being absent. This caused Judge E. H. Puryear to lose a goodly portion of his temper. Among the witnesses, who did not reach the court were a policeman or two, and the judge hauled them up on the carpet. They apologized and promised to be on the spot next time.

The trial of Sam Barker, a negro, charged with breach of peace, was continued until Saturday.

## Auditor's Agent Sues.

L. P. Tanner, agent for the state auditor, yesterday filed several suits against Paducah firms for taxes alleged due the state. The firms and amounts are Paducah Commission company, \$25; National Credit company, \$200; Paducah Loan company, \$200; Moss & company, \$200; Anheuser-Busch company, \$225; I. Cohen, \$200. County Judge R. T. Lightfoot will today set the date for trial for the defendants. These are the first suits filed by an auditor's agent in this section in some time.

## In Bankruptcy.

In the matter of Will Harris & company, bankrupts, an order was made yesterday by the court sustaining the trustee's exceptions to the claims of the Calloway Times and Baker and Morris, and directed that the claims be reduced by set-offs in favor of the bankrupt estate.

In the matter of the bankruptcy proceedings of Walter Duncan and Calvin L. Duncan, separate proceedings, Referee Bagby has issued notice of a meeting of creditors at Murray, October 8, to elect a trustee.

## Foreclose Mortgage.

For a foreclosure of a mortgage Constable C. E. Shelton today levied on a horse, harness, wagon and crop of corn to satisfy a debt of \$30 in favor of former Congressman Charles K. Wheeler. Frank Stevenson was the defendant and the case was filed in Justice C. W. Emery's court.

## Marriage Licenses.

Charlie Towers, 25, of Heron, Ill., and Rosey Henry, 35, of the same place. They are first cousins.

## Typhoon Still Busy.

Manila, Sept. 28.—The typhoon which began yesterday, continues today. Communication north and south is cut off. Ample warning of the storm was given and no damage was done in the city harbor.

**YOU DON'T HAVE TO WAIT**  
Every dose makes you feel better. Lax-Pop keeps your whole insides right. Sold on the money-back plan everywhere. Price 50 cents.

While Americans take great pride and pleasure in being called "a strenuous people," it is perhaps not generally appreciated that a great many injure themselves physically, which negates systems, injure the nervous system, gray hairs, and infirmities by the hurry, worry way in which they live, neglecting in many instances proper care of the body and letting the real pleasures of life escape as a forfeit. Unrestrained strenuousness means neurasthenia ultimately.

Neurasthenia is nerve-exhaustion and that means inefficiency of the body to carry on vital functioning. Nerve centers lag; debility ensues; listlessness and fatigue reign. Pain may be felt in the back; fullness or pressure at the top of the head; sleep is broken and without refreshment; digestion notably is weak and loss of appetite constipation and distress after eating are the rule. The headache of neurasthenia is like a band around the head; ordinarily is worse in the morning and better towards the end of day, and is probably the most common of all headaches which come for treatment.

Now, drugs do not help neurasthenia; that is admitted; and physicians have long been accustomed to send their neurasthenics away from the cities to the mountains, seashore, abroad or anywhere to find new scenes and enjoy tranquil restoration. But that is expensive and there is a surer, quicker and better as well as less costly way—Osteopathy.

Osteopathy cures neurasthenia, which is but another name for nervousness, by stimulation to the nerves and the circulation. I can show you to your satisfaction in a very few minutes why osteopathy is the sane rational cure for ALL diseases of the nerves.

Come to see me at any time between the hours of 9 and 12 in the forenoon and 2 and 5 in the afternoon. Dr. G. B. Froese, 516 Broadway. Phone 1407.

## PET CANARY

Worried When House Was On Fire and Saved the Family.

Cleveland, O., Sept. 28.—The family of Henry J. Mester, No. 263 Orain avenue, was saved from probable death last night by a pet canary bird. About midnight the occupants of the house were aroused by the loud trilling of the canary. No attention was paid to it until all the members of the family had been awakened. They then discovered that the house was afire.

## BUILDING BURNS.

Heart of Cleveland Visited By Stubborn Blaze.

Cleveland, Sept. 28.—The building of the Pittsburg Plate Glass company, in the center of the business district, was practically destroyed by fire this morning. The blaze was stubborn, owing to the inflammable material. Firemen worked hard to save adjoining business blocks. The front of the building collapsed and slightly damaged the Cleveland Press building. Several were cut by glass.

## POSTMASTERS

Meet at Jefferson Hotel, St. Louis, Next Week.

Postmaster F. M. Fisher will go to St. Louis next week to attend the National Association of Postmasters of offices of the first class, which meets at the Jefferson hotel in that city, October 3, 4 and 5. Postmaster Fisher is the only Kentuckian on a committee, being a member of the committee on topics. This list includes all the largest cities of the Union.

## SAILORS SEE POPE.

Listen to Sermon and Receive Sacred Medals.

Rome, Sept. 28.—Fifty American sailors from the squadron anchored at Naples, were received in audience today by the pope, and introduced by the rector of the American seminary. The pope preached a short sermon in Italian and presented the sailors with sacred medals.

## OWNER AND HIS BABY

Were Killed by an Explosion in a Fireworks Factory.

New Orleans, Sept. 28.—Two lives were lost in an explosion in Picon's fireworks factory, situated at Gentilly road and Marigny street, on the outskirts of this city this afternoon. Frank Picon, the proprietor, and his baby were the victims. A number of girls employed in the place, escaped without injury.

## MISS WILLS SUM TO COLLEGE.

Former Governor of Michigan Aids Institution at Alma, Mich.

Alma, Mich., Sept. 28.—Word was received here today that the will of former Governor Bliss, of Michigan, provides for a gift of \$10,000 to Alma college. The interest is to be used each year in paying the salary of the director of physical training for women. During the last three years this salary has been paid by Mr. Bliss.

## AT 102 YEARS LEAVES \$100,000.

New York, Sept. 28.—In the surrogate's court at White Plains yesterday, the will of Mrs. Levina Lovett, drawn after she had passed the age of 102 years, was offered for probate. Mrs. Lovett, who led a life of great frugality, left an estate valued at \$100,000, consisting of mortgages and ten bank accounts. Her husband was the village blacksmith of Tarrytown.

Dr. V. A. Stille and Mr. E. A. Strow of Benton, spent the day in the city.

**Reception to Dr. Flowers.**  
Mrs. J. M. Buckner gave a reception at her home on Jefferson street last evening to introduce Dr. A. H. Flowers, of Boston, to the church members of the Christian church, who knew his brother, the Rev. George A. Flowers, a former pastor. The decorations were red and white and the color scheme was carried out in the tea. The inclement weather prevented as many attending as desired to meet Dr. Flowers.

**Reception and Ball.**  
It is announced today that the reception to the sponsors and visitors to the horse show will be held in the lodge rooms at the Elks' new building on Fifth street, and that the grand ball also will be given there. The reception will be given Thursday evening and the ball Friday evening.

**STORM BOUND NORTHWARD**

(Continued From Page One.)

effect of the northward storm, which wrought such great destruction on the Gulf coast, but the prediction is that the wind will be reduced to a moderate speed when its maximum reaches Paducah. Since last night the velocity has steadily been increasing, while the clouds gather ominously.

Rain, which has been patterning down for three days, shows no signs of abating, although the sun peeped out for a moment this morning and brought a little encouragement. People on Broadway, at least, were glad to know that it is still shining.

There has been no flood rain and the precipitation is not as great as many would suppose, being only 2.4 inches.

When the fringes of the southern storm and tornado struck Paducah shortly before 10 a. m. today they were accompanied by the hailless woman. The hailless fair one had been predicted for many days but today was the first exhibition.

A conservative estimate for the day would be that nine out of every ten women are here headed.

A portion of the cornice of the Presbyterian church, Sixth street and Kentucky avenue, was blown down this morning during the storm and it lodged on the building. At present it was still in this position, in danger of it toppling off and seriously injuring somebody. It was discovered this afternoon.

**CITIES CUT OFF**  
From Communication by the Storm Which Does Great Damage.

Louisville, Ky., Sept. 28.—A tropical hurricane which for the past 36 hours has been churning the waters of the Gulf of Mexico and doing much damage on the coast an afar inland, was last night whipping through North Alabama in a northeasterly direction.

All wire communications are seriously disarranged and in some instances resulted in completely cutting off cities. Mobile, Ala., not having been heard from for hours.

Wires between New Orleans and the Gulf were prostrated, and it will be several days before anything definite can be heard from the effects of the storm on land and sea.

Biloxi, Mississippi City and Moss Point, Miss., were not heard from for 24 hours.

Atlanta began to feel the storm at noon, but up to 8 o'clock last night its force had not been increased to the extent of producing serious results.

Damage to railroads is very heavy. The Louisville & Nashville suffered losses approximating one million dollars.

**Slight Damage at Birmingham.**  
Birmingham, Ala., Sept. 28.—A big wind which began here last night had entirely abated early this afternoon. A heavy rain fell during the morning, but only slight damage has been done.

**Storm Headed for Ohio Valley.**  
Washington, Sept. 28.—Belated reports to the weather bureau last night from Pensacola, Fla., announce that the Gulf hurricane has passed inland, west of there. Winds were reported blowing 88 miles an hour at Pensacola. The storm centered last night in South Central Mississippi and is believed to be decreasing in fury and the weather bureau predicts that it will move slowly northward during the next 12 hours. An increase in the fury of the storm, however, is expected by the bureau when it reaches the lower lake region. It is probable that the course during the next 24 hours will be northward, through Tennessee and Kentucky into the Ohio valley.

**Quake at San Juan.**  
San Juan de Puerto Rico, Sept. 28.—The city of San Juan experienced a series of earthquake shocks today, beginning at 10:47 a. m., increasing in intensity and lasting thirty seconds. The terror-stricken occupants of the shaking buildings fled to the streets. Even the government buildings were deserted, but no damage has been reported. The excitement among the people is intense.

**St. Thomas Alarmed.**  
St. Thomas, Danish West Indies, Sept. 28.—There was a sharp and prolonged earthquake shock here early this morning, but no damage was done. The frequency of earth shocks lately is causing some alarm here.

## BIG RECEPTION FOR GOV. BECKHAM

Mayor Yeiser Heads the Committee of Arrangements.

Hon. Hal S. Corbett Will Introduce the Executive on Night of October 3.

WILL SPEAK AT KENTUCKY

Hon. Hal S. Corbett, one of Paducah's leading attorneys, has been selected to introduce Gov. J. C. W. Beckham, when he speaks here on the night of October 3.

The reception committee is headed by Mayor D. A. Yeiser, who will in the next day or two select the remainder of the committee. It is proposed to give the governor a grand reception. The Paducah military band will be employed to meet him at the train and escort him to the Palmer House, where he will dine. It will also play for the speaking.

The speaking will be held in the Kentucky theater.

Governor Beckham is making the race for United States senator against Senator James H. McCreary. Governor Beckham probably will be accompanied by Harry Tandy and his private secretary, Ed O. Lehigh, both Paducah men.

As soon as Mayor Yeiser selects the remainder of the reception committee complete arrangements for the reception will be made and published.

## COMPLAINT MADE BY CONTRACTORS

New Purchasing Agent Introduces Discount System.

Not Used to This Method of Government Business—Contractors Wistfully Land.

ARDUOUS TRIP WITH DEWEY

Washington, Sept. 22.—A novel complaint was received today by the interstate commerce commission from three citizens of Chase, I. T. Cornwell, J. Jones, Hannah Jones and William James allege deprivation of facilities, unjust discrimination, and undue and unreasonable prejudice by the St. Louis and San Francisco Railroad company. The petition sets forth that the road has caused its depot at Chase to be removed four miles away, and that in consequence the citizens of Chase are seriously affected. The allegation is made that trains now pass Chase at full speed, and that the citizens of the town are denied the privilege of passenger and freight traffic with the road unless they go to the new station, four miles distant. They ask such redress as the law may allow.

### Bidders Complain.

Washington, Sept. 22.—Bidders on contracts to furnish supplies for the Panama canal are up in arms against the purchasing department because of a system of discounts for prompt payment recently inaugurated by David W. Ross, chief purchasing officer. Mr. Ross, a railroad man of long experience, has adopted a new system of government financing founded on the system in vogue with the Illinois Central Railroad company, of which Mr. Ross was purchasing agent when he accepted his present position, by which a contractor can get prompt payment for material furnished by accepting a discount of from 2 to 5 per cent. of the face value of his contract. Mr. Ross and other officers of the commission express the opinion that it is an excellent plan, calculated to save much money to the United States government. The bidders claim it is a "holdup" scheme. It is pointed out further by the irate bidders that this is the first time in history that the federal government ever asked its creditors to discount its obligations.

### Courtesy Shown Crew.

Washington, Sept. 22.—Orders have been issued by the navy department for the refrigerating ship Glacier, now on route from Suez to Port Said, to proceed to Joppa, in order to give the members of her crew an opportunity to visit the Holy Land, because of their arduous experience in conducting the dry lock Dewey to the Philippines.

## The Bath Comedy

By AGNES and EGERTON CASTLE.  
Authors of  
"The Pride of Jennico"

Copyright, 1904, by Egerton Castle

"Devizes!" cried Lady Stanish, with a scream. Hanging on Lydia's utterance, every word of which confirmed the awful suspicion that had entered her heart, she now could no longer doubt the real extent of her misfortune. "Oh, Lord Verney, save my mistress!" Lydia's pipe dominated the universal chorus with piercing iteration.

And now Lady Stanish's face struck in agony. "What did I say?" cried she triumphantly. "Nevvy, you'd better go to bed; you're well out of her. Julia, my dear, don't faint; we can catch them at Devizes yet. Some one tell that wench to stop that screeching! Julia, come! You've got the key. I understand. Fortunately my house is near. We shall just call for Mr. Hurler and make him ride behind with his lumbering. I think, if you faint, I wish my hands of the whole affair. We'll nip them, I tell you, if you'll only break up."

"I won't faint," said Lady Stanish, setting her teeth.

Lord Verney suddenly awoke to the fact that he had been grievously injured and that he was in a towering passion. Spluttering, he demanded vengeance of gods and men. Post chaise, he and his wife, with Lydia, who had been crying for the whole which, however, according to the regulations enforced by the immortal master of Bath ceremonies, was absent from its natural post on his noble hip in this polite assembly.

"Come with me," cried Captain Spicer, clapping his patron on the shoulder in burst of excitement. "I'll stand to you, of course, but you'll want a witness. We'll leave Sir Jasper's liver on the spot before crack of cock!"

### CHAPTER XX.

THE side rays of the chaise lamps played on the widow's soft, wavy hair, throwing beguiling shadows under her eyes and flitting diamonds round those lips that seemed perpetually to invite kisses.

Denis O'Hara, with one arm extended above her head, his hand resting upon the panel, the other hand still clasping the handle of the door, gazed upon the woman who had placed herself so completely in his power, and felt sudden to the heart of him with a tenderness that was well nigh pain.

"How beautiful you are!" babbled the Irishman at last.

Miss Belders suddenly sat up with an angry start. It was as if she had been stung. "How beautiful?" cried she, thrusting her little forefingers into her ears. "Mr. O'Hara, if you say that again I shall jump out of the chaise."

Her eyes flashed. She looked capable of fulfilling her threat upon the spot. "Me darling heart," said he, and had perforce to lay his hands upon her to keep her still. "Sure, what else can I say to you, with my eyes upon your angel face?" Apparently the lady's ears were not so completely stopped but that such words could penetrate.

"This monstrous," said she in indignation, "that I should go to all this trouble to escape from the blighting of that everlasting refrain, and have it blazed at me!" she waved her hand under the sense of her injuries, "thus at the very outset!"

"My dear love," said he homely, capturing the angry, gesticulating hand, "sure no heart's so full that it's just choking me."

She felt him tremble beside her as he spoke.

Now the trembling lover was not of those that entered into Miss Kitty's scheme of exaltation. She had, perhaps, reckoned, when planning her escape, upon being made to tremble a little herself. She had certainly reckoned upon a journey this evening that should be among the most memorable in the minds of her listeners. O'Hara barked! O'Hara tongue tied! O'Hara with cold fingers that hardly dared to touch her; O'Hara, the gay rattle, with constrained lips!

"This was an O'Hara whose existence she had not dreamed of, and for whose acquaintance, to say the truth, she had small relish.

What! Were all the accessories of the play to be so perfect, and was the chief character to prove such a lamentable failure in his part? What! Was she, Kitty Belders, to be carried off by the most notorious man in Bath, only to find him as awkward, as dumb, as embarrassed with the incomparable situation as the veriest greenhorn? "It shall not be! It cannot be," said she to herself. And thereupon she changed her tactics.

"Why," said she aloud, with the cooling note of her most melting mood, "I protest one would think, sir, that you were afraid of me."

"Aye, Kitty," said he simply, "and so I am."

"Oh, de!" she laughed. "And how have I alarmed you? Think of me," said she, and leaned her face toward him with a smile of archest wit, "not as a stranger, but as a sister, as a dear, dear cousin."

His eyes flamed back at her. Her merry mood was as incense to his sudden, stormy serious growth of passion as the gay lilt of a tambourine might be to a solemn chant.

"Think of you," he said, and there was a deep thrill in his voice, "as my wife that is to be."

## FOUR DISTRICTS ARE REPUBLICAN

Representation in Kentucky Will Be Increased.

Western Kentucky Apparently Favors Judge Breathitt of Hopkinsville.

AVAILABLE FOR GOVERNOR

While Democratic politics in Kentucky, by reason of the acrimonious contests now on in the party ranks for United States senator and the state nominations, has been filling the public eye for weeks, the Republican organizations in the various congressional districts have not been mere witnesses, and now it is declared that four of Kentucky's districts will go Republican this fall.

A well known member of the state organization, who was in Paducah this week stated positively that he believes the Republican representation from Kentucky will be increased this year, and added that it was a shame a candidate was not named in the first district, so as to give Ollie James an excuse for refusing to enter other districts and help the Democratic candidate.

The four districts now out of the doubtful column are the Third, in which Dr. James is a candidate; Fifth, in which W. C. Owen seems likely to defeat Swager Sherry, of Louisville; Tenth, John Langley's district and Eleventh, in which W. G. Edwards will be returned.

About the Governorship.

Western Kentucky probably will have a candidate for the nomination for governor in the person of the Hon. James Breathitt, of Hopkinsville. Repeated statements that under no circumstances will he be a candidate have come from Hopkinsville, but it is declared by one close to Judge Breathitt that the latter has only hesitated on account of possible expense.

Judge Breathitt is a magnificent orator, a leader of the western Kentucky bar, and a man who measures up to all the requirements of the chief office in the commonwealth of Kentucky.

There seems to be a distinct movement in his favor in this section, and it is probable.

### Theatrical Notes

Horse Show—October 3 to 6.

KENTUCKY THEATRE.  
In Old Kentucky—Friday.

In Old Kentucky Tonight.  
For the season of 1906-07, "In Old Kentucky" will go forth for its fourteenth annual tour with what is believed to be the strongest company ever gotten together for this remarkable play. Miss Marie Quinn will appear in the role of Madge Hurler for the first time, and she is reported to be the youngest and cleverest of all the talented list of actresses who have made names for themselves in this part. Charles K. French will be seen in his original role of the old-time dandy "Uncle Nek," an inimitable characterization, and Mr. Bert G. Clarke will play the colonel, originated by him and played by him for several seasons during the first years of the play's career. J. J. Sullivan, Frank Dayton, George Mitchell, Miss Julia Morton, Miss Louise Reming and a score of clever pickaninnies will help to make this season's "In Old Kentucky" company one of the strongest. At The Kentucky tonight.

Al. H. Wilson.  
Golden-voiced singer Al H. Wilson, the great German dialect comedian, and a strong supporting company, will be the attraction at The Kentucky Monday night in the picturesque Switzerland play of "Metz in the Alps," written by Sidney H. Ellis, a strong romantic drama. In four acts, each of which bristles with qualities that combine to make a great success. The development of the plot is of unusual strength and is full of surprises, intensity of action and ludicrous situations.

County Chairman.  
For Tuesday night of next week The Kentucky theater announces Maclyn Arbuckle in George Ade's best comedy "The County Chairman." This announcement should create unusual interest among Paducah theater goers, who will not doubt remember the great success the popular actor has had with the popular play. There are few plays written, which are so near the heart of the Americans as "The County Chairman." The general store of the small village with those interesting and amusing middle western types hanging around it all day long, the political campaign for the office of prosecuting attorney, which breaks up in a free for all fight, the ex-

clamation of a county election and above all the fascinating love story interwoven, combine to make it a play of exceptional merit. Maclyn Arbuckle's portrayal of the Hon. Jim Backler, the county chairman, is a masterpiece of acting.

## NOTICES

BRINGING IN STEADY STREAM OF TAXPAYERS.

City Treasurer Dorian's Plan Meets With Usual Success This Year Again.

City Treasurer Dorian will begin advertising property for taxes October 13, and in order to afford people, who have been dilatory, an opportunity to escape publication of their names in the official list, he is sending out notices. These are meeting with success and many are paying their taxes.

Another advantage in this method is discovering double assessments. Sometimes property is double assessed, and the tax has been paid in one name, while it remains on the books in the second. The treasurer has no way of knowing about the assessment, but when he sends a notice to the second person in whose name the property is assessed, and informs him, he notifies the assessor who strikes off the charge. In this way trouble, time and expense is saved in advertising and trying to sell for back taxes.

It is expected that the record of collections this year will equal that of last year when over 95 per cent was collected.

## PATROL DRIVER

WILL BE APPOINTED BY BOARD NEXT MONDAY.

No Application for Position Made Vicar by John Austin's Retirement.

A week from next Monday the police and fire commissioners will meet in regular session and then the successor to Patrol Driver John Austin, resigned, will be selected. At present Henry Shannon, who was temporarily appointed by Chief James Collins, is acting.

Two of the commissioners were seen today and they stated that they have no applications.

For several years Austin was a steamboat mate. He is thinking of returning to his old trade.

FIANCE DEAD, TAKES HER LIFE

Girl Dies That Insurance Money May Be Used to Buy Coffin.

Terre Haute, Ind., Sept. 28.—Ira Pinfell, aged 23, was drowned today in the Wabash, and his fiancée, Annie Lester, aged 21, after seeing his body at the morgue, committed suicide with carbide acid. The young man started across the Vandalia railroad bridge, was caught midway by a train and climbed on an abutment. His hat fell into the river, and after the train had passed, he waded into the water and was drowned after getting hold of the hat. When his body was brought to the morgue his sweetheart looked at his face, and, turning away, said that if she were dead the insurance on her life would pay the funeral expenses of both. At home she made the same remark to her mother and an hour later she was dead.

Rescue of a Merchant.

A prominent merchant of Shongou, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds." Fully guaranteed; 50c and \$1.00 at all druggists. Trial bottle free.

Remember the Graves County fair! October 3, 4, 5 and 6, 1906, Mayfield, Ky.

Reduced rates one and one-third fare, on railroads.

An attractive speed program for each day, with liberal prizes offered, and with the best field of horses ever brought together in western Kentucky.

S. Alvarado, the high wire king, performs twice each day.

Balloon ascensions! Shot from a caanon, the most daring act in the world, being performed only by Prof. D. L. Dennis.

Tickets on sale at all drug stores in Mayfield. Four days, \$1.25, day tickets 35 cents and child's 25 cents. Graves County Fair Ass'n, Inc.

WILLARD COLES, Sec'y.

Pengilly Dead.  
Alexander Pengilly, who is said to have aided in the capture of Jefferson Davis, is dead at Clinton, Mo.

## DREW REVOLVERS ON PASSENGERS

To Prevent Panic on Burning Atlantic Liner.

For Day and Night Sleepless Crew Fought Fire In Forward Coal Bunkers.

AWFUL SITUATION AT SEA

New York, Sept. 28.—For a day and a night the crew of the Vebeco line steamer Nord America fought the flames which had broken out in the ship's forward coal bunkers on her last trip from Naples to New York, which ended when, smoke-begrimed and manned by white-faced officers, she crept into port today after one of the most thrilling struggles with fire a trans-Atlantic liner has ever passed through.

The Nord America left Naples on September 13. In her steerage were 1,232 passengers. Her first cabin held 85 voyagers. For the first few days out all went well, and when the big vessel was six days nearer the United States the most dreadful of all sea perils broke out.

The passengers had finished their evening meal and were looting about the deck enjoying the fine evening when from the ventilator of the forward coal bunker came a tiny blue wisp of smoke. When a dense cloud of yellow smoke rolled out a scream went up from them.

Wild-eyed men and women pressed forward. Some of them wielded knives. The crew fought them back, but they pressed with the strength of terror. Captain Barberi saw that a boat launched in such weather would have no chance of life in the heavy seas. He ordered revolvers issued to the crew. Then he stepped up to the bridge and halted the panic-stricken crowd of immigrants.

"You will be saved if you trust to us," he said, "but the first man who tries to cut a rope or to rush the boat will be shot."

The terrified crowd quieted down as they listened and presently the crew drove them below. Then the ship's company turned in and fought the fire with steam.

Bryan in Territory.

William J. Bryan spoke last night at McAlester, Okla. The principal chiefs of the five civilized tribes are escorting Mr. Bryan through the territory.

Lawhern Exonerated.

Central City, Ky., Sept. 28.—Rev. B. F. Lawhern was exonerated by the Methodist conference at his trial on a charge of immorality. All the evidence proved that the charge was groundless. Affidavits of responsible people acquit him of the charge. He resigned the pastorate of the church at Hawesville, after the charge was made against him, and the conference will now give him work again. The Rev. B. F. Lawhern was tried on the charge of being too familiar with Mrs. Joe Sapp, of Hawesville.

## BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it best to write the following letter for publication, in order that other women afflicted in the same way may be benefited as she was.

Miss Cora Goode

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes:

Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unconscious hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, and having used it herself for some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

## Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article, in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, is not at all to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of ailments is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those to which his treatment fails because of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the woman's organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the doctor, free of charge by letter. All such communications are held sacredly confidential.

## GREATEST ON EARTH

HARRIMAN & BAILEY STILL RETAIN TITLE.

Hundreds Tramp Mad Into Semblance to Witness Performance of Big Circus.

In spite of the inclement weather hundreds braved the mud and rain yesterday and last night to witness the performance of Harriman & Bailey's circus. The performance was not in the least interfered with by the weather. Every act was put on, the seats were dry and the patent rugs used by the show kept everything under the big top from getting matted up.

Novelties are the features of the "greatest show on earth," and enough of everything. There was not an act that was not at the top of its class, and all the acts were filled all the time. No one in the big tent was prevented from witnessing a full performance, for when the equestrian acts were on every ring hand a daring performer, and the same program was carried out in regard to the other features. The "dip of death" in the auto, and the bicycle somersault, were probably the most thrilling acts ever seen under canvas.

It is probable that Paducah never enjoyed a more peaceful "carnival day" than that of yesterday. The police and detectives from Chief Collins down declare that it beat all records. Not an arrest of a stranger, no disorder at the circus lot and not a complaint of a single pickpocket's victim. Detectives Will Baker and T. J. Moore, of Paducah, were in charge of the detective department of the Harriman & Bailey outfit all of last night, while Capt. Samuel McClure detached from the protection of the Harriman & Bailey company was all in his car.

## WRONG SIDE OUT

Porter Turned Doors Getting Out When Gun Went Off.

When a derringer, supposed to be empty, was discharged in Frank Just's barber shop, 117 North Fourth street, early Thursday night, there was a scattering of ether besmeared men and the bullet shattered the largest plate glass mirror in the house. Walter Gross, a barber, was showing a negro porter how the derringer operated. The porter damaged the doors at the front entrance by opening them wrong side out. Everybody escaped harm although the lead slug bounced around the room.

## SUICIDE REWARDS CORONER.

Man Leaves Watch in Office for the Trouble Caused.

Kenosha, Wis., Sept. 28.—Fred H. Foster, supposed to be from San Francisco, committed suicide today by shooting himself. Foster left a letter to the coroner in which he asked that the jury summoned to view his remains had a verdict of suicide due to despondency. He also asked that the coroner accept his watch as a fee for the trouble and that his remaining trinkets be divided among the coroner's jury. A letter was left addressed to F. B. Steffens, of San Francisco, in which Foster stated he had determined to commit suicide and had been in hard luck ever since the earthquake in San Francisco. He left 2 cents in his letter to the coroner to post the letter.

## PREPARE FOR COLD WEATHER

IT is a source of great satisfaction to us to be able to offer to our patrons such a magnificent line of Heaters as we have secured for this season. And best of all, there is not a heater shown which has not been sold in Paducah for years. They're all old favorites--tried and tested; your friends and neighbors own them and can tell you about them--how economical, how efficient they are. Each heater has its own distinctive features. Some patented idea makes one or the other of these stoves just the one needed for your conditions. We want you to see our line and let us explain their merits.

### ESTATE OAK

There is the Estate Oak, with its patented jointless ash box, molded all in one piece, absolutely air tight as long as the stove lasts, and holding a full twenty-four hour accumulation of ashes; its double strength single fire pot, its smoke curtain, its screw draft, register, effective hot blast attachment, etc.

### The Radiant Estate

Is exclusively a hard coal heater of triple-flue construction. The heat is brought forward through the two outer flues and then passes back and out through the center flue. It has a very large radiating surface and fine draft regulation.

Be sure to see this Stove.

### MOORE'S AIR TIGHT

Is substantially a small furnace, surrounded by an open ornamental casing. The stove proper is made of a few plain heavy castings, put together solely with the idea of producing the greatest possible amount of heat. There are numerous patent features of the Moore Heater which will appeal to you at once when you examine it.

### Favorite Base Burner

Is probably the most satisfactory moderate priced heater on the market. It has a large ash receptacle and a liberal radiating surface. The draft registers being ground, gives you complete control of the fire.

You'll make a fuss over this stove.

THE ESTATE OAK RADIATOR  
Is nothing more than an Estate Oak placed within an ornamental jacket. Easily kept polished. It makes a handsome parlor stove.

While the wind was high

strong throughout the night, little damage is reported from the rivers. The storm seems to have gone around Paducah. Rainfall in the last 24 hours was .58 inches. The river rose .2 in the last 24 hours here, the gauge registering a stage of 10.3 this morning. Boats were few and far between at the wharf today and yesterday.

The Henry Harley did not arrive from Evansville till 3 o'clock this morning, some 20 hours late. The wind delayed her and inefficient labor made the freight business slow. There is a dearth of labor at wharf here now. The same condition seems to obtain at St. Louis and Cumberland river points. It is in-

explicable. The strange actions of river labor cannot be understood. For a while labor is plentiful, then without any surface explanation, it falls off. And comes back as unannounced. The St. Louis packets to the Tennessee river have complained for several weeks of the lack of labor.

The Kentucky arrived from the Tennessee river with a big trip yesterday afternoon late. Peanuts were the biggest item. The Kentucky will leave Saturday evening at 6 o'clock for the Tennessee river.

This is the regular day for the Dunbar's trips front and to Evansville.

The following has been issued: You are informed that a pilot holding a

regular pilot's license on steam vessels of any tonnage or motor vessels of over fifteen tons cannot take charge and operate or navigate motor vessels of fifteen tons or under carrying passengers for hire, under the authority of his license. Pilots desiring to operate motor boats of fifteen tons and under, as provided for in department circular No. 115, can obtain license of this class by filing their application with any local board of steamboat inspectors.

What effect the immigration convention will have on river business is not hard to find. It will not help the labor situation. But the passenger business increases in the proportion that population increases and

freight increases in proportion to the increase of products to be distributed among the population. The immigrants will make a larger gross output of farm products, and later, their surplus population, like our own, will find employment in other lines of work.

Official Forecasts.

The Ohio from Evansville to Cairo will continue rising during the next two days. The rate of rise will materially decrease at Cairo during the next 12 hours.

The Tennessee from Florence to the mouth, no decided change during the next 24 hours.

The Mississippi from Chester to

Cairo, will continue rising during the next 24 hours.
